Public Hearing
of the
Louisville Metro Air Pollution Control Board
September 20, 2006**

A public hearing of the Louisville Metro Air Pollution Control Board was called to order on September 20, 2006, at 10:01 a.m. in the Board Room of the Louisville Metro Air Pollution Control District (District), 850 Barret Avenue, Louisville, Kentucky, by Board Member Barbara Sexton Smith.

General Statement, Rules, and Purpose

Ms. Smith read the opening announcement, rules, and purpose of the Public Hearing, which was to review a proposed Agreed Board Order with Metropolitan Sewer District.

Agreed Board Order with Metropolitan Sewer District

Terri Phelps, Enforcement Supervisor, summarized the alleged violations of Metropolitan Sewer District (MSD), which failed to comply with permit requirements at the Morris Forman Wastewater Treatment Plant located at 4522 Algonquin Parkway. The alleged violations include the following failures: (1) conduct a stack test for the fume incinerator, (2) conduct semi-annual SO₂ testing for the fume incinerator, (3) conduct quarterly testing of influent to the caustic scrubber, (4) conduct monthly visible emissions surveys on the Cleaver-Brooks boiler, and (5) submit a permit application for the modification to the equipment and processes for the sludge expansion project in 2004 and for two natural gas boilers in 2005. To fully resolve the alleged violations, MSD has paid an administrative settlement of \$17,250 to the District.
